Maybe you have noticed that coffee house chains are continually raising their prices. In fact, some of their drinks now top \$5. So what does that have to do with Bread for Life Ministries? Believe it or not, a lot!

When you donate the price you'd pay for one or two cups of coffee each month, you help us with our mission to work alongside the indigenous church in Cameroon and across West-Central Africa by helping her become spiritually, socially and economically vibrant – connecting resources with needs in the name of Jesus Christ.

So instead of grabbing one of those cups of coffee every day, why not take a couple days off and be a part of something that will last a lot longer than a drink.

We've made it simple for you by allowing you to sign up for an easy automatic monthly payment. Get started by visiting www.breadforlife.onecup today....

WHAT IS IT WORTH TO YOU?
